Request for Proposal No. DRC-ALT-CO-RFP-2023- MADAR CT Consultancy

Dear Sir/Madam:

The Mixed Migration Centre (MMC) is a leading source of high-quality and independent data, information, research and analysis on mixed migration. MMC is part of the Danish Refugee Council (DRC), and international non-governmental organization. MMC's flagship data collection project, 4Mi, provides regular, standardized, quantitative and globalized primary data on mixed migration flows, including data on individual profiles, migratory factors, means of travel, conditions of travel, the economics of smuggling, aspirations and destination choices.

MMC in West and North Africa is implementing the project "**Make them count! Supporting civil society action to improve refugees' and migrants' livelihoods in Sousse, Tunisia**" in partnership with the University of Edinburgh and the Tunisian Association Awledna (Awledna). The project is funded by the Maghreb Action on Displacement and Rights (MADAR) network, which aims to improve the humanitarian protection of vulnerable and displaced people in conflict situations in the central Maghreb region (Algeria, Morocco and Tunisia).

The project "Make them count! Supporting civil society action to improve the livelihoods of refugees and migrants in Sousse, Tunisia" aims to produce an evidence base on the experiences of refugees and migrants in Sousse and to support Awledna to use this evidence base to secure funding for long-term livelihood support, among other objectives.

As part of the project, MMC is to contract a professional consultant to support Awledna in consolidating their fundraising strategy in line with the organization's mission, vision, values, and approach and the needs identified in the data collected by the University of Edinburgh and the MMC.

Therefore, the DRC requests you to submit your proposal. Please be guided by this RFP and the attached Terms of Reference (TOR) Annex H.

Your proposal must be written in English and valid for a minimum period of 60 days.

III. SELECTION AND AWARD CRITERIA

The selection and award criteria are unique to all tenders. The evaluation process consists of three stages:

- 1) Administrative,
- 2) Technical and,
- 3) Financial.

Each stage requires information and documents from the bidder that will determine whether the bidder will progress to next stage or not. Some examples of the documentation requirements are indicated below. However, the exact criteria for the different stages of evaluation will depend on the nature/type of tender.

The criteria for awarding contracts resulting from this Tender is based on ‘best value for money’. For the purpose of all tenders DRC defines best value for money as:

Best value for money should not be equated with the lowest initial bid option. It requires an integrated assessment of technical, organizational and pricing factors in light of their relative importance (i.e., reliability, quality, experiences, and reputation, past performance, cost/fee realism, delivery time, reasonableness, need for standardization, and other criteria depending on the item to be procured).
