The Danish-Arab Partnership Program is Denmark's collaboration program with the Middle East and North Africa focusing on Morocco, Tunisia, Egypt, and Jordan. Globally the YIEP component during 2022-2027 phase is led by PLAN international, however, in Tunisia it will be implemented by DRC Tunisia as a country lead, GAME, and MS ActionAid.

The YIEP final outcome is:

In order to achieve this result, the consortium is focusing on 5 different outputs:

- Output 2: Young people, in particular women, have market-responsive technical skills, knowledge of finding employment, and greater access to the labour market
- Output 3: Young people, in particular women, have entrepreneurial skills, business plans and are pursuing their own businesses
- Output 4: Young people, in particular women, increasingly know how to make strong business plans and obtain finance for entrepreneurs, and they are successful in doing so.
- Output 5: Young people, in particular women, influence and face a more enabling and conducive environment for them to pursue decent income opportunities

Therefore, the DRC requests you to submit your proposal. Please be guided by this RFP and the attached Terms of Reference (TOR) Annex H.

III. SELECTION AND AWARD CRITERIA

The selection and award criteria are unique to all tenders. The evaluation process consists of three stages:

Each stage requires information and documents from the bidder that will determine whether the bidder will progress to next stage or not. Some examples of the documentation requirements are indicated below. However, the exact criteria for the different stages of evaluation will depend on the nature/type of tender.

The criteria for awarding contracts resulting from this Tender is based on ‘best value for money’. For the purpose of all tenders DRC defines best value for money as:

Best value for money should not be equated with the lowest initial bid option. It requires an integrated assessment of technical, organizational and pricing factors in light of their relative importance (i.e., reliability, quality, experiences, and reputation, past performance, cost/fee realism, delivery time, reasonableness, need for standardization, and other criteria depending on the item to be procured).
